THE SEARSON FAMILY FUNERAL SERVICE

'We don't just arrange funerals, we create meaningful days'

'We don't just arrange funerals, we create meaningful days'

THE UNATTENDED FUNERAL EXPLAINED

The Unattended Funeral, or Direct Cremation, provides a more affordable alternative to the traditional, full service funeral, without compromising on the quality of care. It can be arranged with the minimum of personal involvement, you don't even have a need to visit our Funeral Home, and the price is inclusive of all essential elements necessary to carry out the funeral. The Unattended Funeral is our most simplistic option, it takes away the need to follow the typical pomp and ceremony, and is selected by families for various reasons. Ultimately, being an Unattended Funeral, there is no service, no family or friends will gather and everything is carried out behind closed doors. Even though you will not attend the Crematorium this doesn't prevent you from gathering with family and friends at a separate venue where you are free to commemorate and mourn your loss with freedom to share memories, and honour the life in a more fitting way.

WHAT IS INCLUDED?

The Unattended Funeral includes the following:

We provide for all necessary arrangements, either at our Funeral Home or over the telephone. We collate all the required documentation and liaise with the Crematorium to complete the Application for Cremation. The Crematorium we use will be at our discretion but you will be notified where the Cremation will take place. We also provide for the collection of your loved one from the place of death and return them into our care. This is within normal working hours, an additional charge will be made if we attend outside these hours. Once in our care, we will provide dedicated Temperature Controlled Facilities to hold them, with dignity and respect, until the day of Cremation. We will convey the coffin to the Crematorium in one of our vehicles, and once the Cremated Remains are available, typically within forty eight hours, we will have them returned to our Funeral Home for you to collect at your convenience.

WHAT IS NOT INCLUDED?

The Unattended Funeral does NOT include:

The Unattended Funeral doesn't offer any visiting in our Chapel of Rest although this can be provided at an additional cost. This service also prevents any attendance by family and friends. Even though we inform you of where and when the Cremation will take place, each Crematorium have their own rules on families gathering when we arrive. Ultimately, attendance of the Service Hall is not permitted. The choice of coffin will be simple, and in a style and material at our discretion. However, we are able to extend an array of commemorative options for use at an alternative time and venue such as Memory Books, Portraits, Poem Cards and Audio Visual Tributes and we will discuss those options with you. We also return the Cremated Remains in the cardboard box provided by the Crematorium but there are numerous alternative choices at an additional cost.

Should you wish to learn more about our Unattended Funeral option, please speak with a member of our team. They will be happy to talk through your options and provide you the opportunity to make an informed decision.

FINANCIAL TERMS OF BUSINESS

All funeral directors are legally required to publish this information over and above the Standard Price List. This is to help you think through your options and make choices, and to let you compare the difference in how a Funeral Director may manage their Terms of Business.

1. ACCEPTANCE OF ESTIMATE:

(a) By signing the 'Estimate of Charges' the signatory ("the Client") accepts full and unconditional responsibility for paying the Company's charges in respect of the chosen funeral, in full, regardless of any entitlement the Client may have to payment from or re-imbursment by a third party (e.g. by the DWP, a Grant or the deceased's estate).

(b) The 'Company' will confirm the details of the chosen funeral in writing, and the Client agrees to inform the Company immediately of any errors or omissions.

2. FINAL CHARGES:

The Client acknowledges and accepts that the Company's charges may vary from the Estimate:

(a) if the actual cost of the listed disbursements is higher than estimated; or,

(b) if the Client's instructions change or if the circumstances change, involving additional charges (e.g. out of hour charges; additional bearers required; oversized coffin required).

(c) if the time or mileage allowances, as shown on our price list, are exceeded, additional charges will be made.

3. PAYMENT TERMS:

(a) Once you have made your initial funeral arrangements, and all costs for your selected funeral have been identified, we will require a deposit to cover the total cost of Third-Party Charges. Third Party Charges can include, but are not limited to, the Crematorium or Cemetery Fee, Minister and Medical Fees. We require your deposit payment, as cleared funds, three working days prior to the funeral being carried out. Our preferred payment option is via Bank Transfer, we can also accept Debit or Credit Cards. Should you wish to pay by cheque, please allow sufficient time for this payment to clear our Bank Account when judging when to make your deposit payment. Should you wish to pay by cash, please let us know in advance of the payment. Should you be intending to pay the funeral through a Solicitor, a Bank Account or Insurance, please let us know at the time of making arrangements. Failure to meet the financial requirements of these 'Terms of Service' may result in the funeral arrangements being delayed or even cancelled.

(b) Should the 'client' intend to claim through the Department of Work and Pensions (DWP) for financial assistance towards funeral costs, Third Party Charges are still required to be paid in full, as cleared funds, at least three working days before the funeral takes place. In some cases, an application for a DWP Funeral Payment or any other financial assistance or grant may not be successful or only be partly successful. It is important to remember that in all these circumstances you will still be responsible to us for payment of any outstanding money in relation to the Funeral Cost.

(c) When a 'client' intends to make a claim through the DWP for financial assistance towards funeral costs, eligibility will need to be ascertained AND a completed Application Form submitted to the relevant authority at least three working days before the funeral takes place. If, in the 'company's professional opinion, qualifying eligibility is not proven, then full payment of the funeral will be required in full, as cleared funds, at least three working days before the funeral takes place.

(d) Once the funeral has concluded, we will forward you a final account for settlement. We respectfully request that accounts are settled, in full, within fourteen days of the account date. If you have made application to the DWP (Department of Works and Pensions) for help towards funeral costs, please let us know at the start of making funeral arrangements.

(e) For an Unattended Cremation or Burial, due to the simplicity of these arrangements, we require FULL PAYMENT within three working days of the proposed funeral date. Failure to do so may result in the funeral arrangements being delayed or even cancelled.

(f) Should the outstanding Funeral Account not be settled within the specified period, and prior arrangements for late settlement have not been arranged in advance, additional costs may be added to your account. When an account exceeds four weeks over its due settlement date, a charge of £68 will be added to your account for further administrations costs. An additional £68 will also be added for each additional four-week period when the account has not been settled in full. When an account has fallen sixteen weeks over its due settlement date, the outstanding balance will be claimed through the courts. Once an outstanding debt is sent to HM Courts, a charge of 5% of the total value outstanding will be charged by HM Courts to cover their charges. In addition, interest at the rate of 8% will also be added to the final amount outstanding or, if different, such other amount as may be prescribed by the Late Payment of Commercial Debts Regulations 2002 or any amended or successor legislation. The Searson Family Funeral Service will also add an Administration Fee of £165.00 to manage this process. We encourage all our clients to discuss potential payment delays in advance of the funeral, so suitable arrangements can be made that will avoid additional costs. For those experiencing genuine financial hardship, we will ALWAYS help to ensure a funeral is provided in a way that is financially manageable. If you dispute an invoice in good faith and contact us to let us know promptly after you have received it, we will not charge interest or transfer your debt to HM Courts until we have investigated the dispute.

4. THIRD PARTY ARRANGEMENTS:

While the company will make arrangements with third parties, (e.g. clergy, cemetery / crematorium, church, doctor), and will include their charges as disbursements payable in advance, the Client acknowledges the Company is not responsible for the acts or omissions of such third parties. In making such arrangements the Company is acting as the Client's agent.

5. ALTERATIONS

(a) All dates and times for the funeral are subject to final confirmation by the Company.

(b) The Company reserves the right to make changes to Funeral arrangements due to reasons beyond its control. Where practicable, such changes will be notified to the Client in advance, but, unless otherwise agreed in writing, the Company's charges remain payable in full.

(c) The Client must give reasonable notice to the Company of any requested changes to Funeral arrangements, and such requests are subject to agreement by the Company.
